

Measuring

Resources

In order to accomplish our set of activities, we will **need** the following:

Activities

In order to adress our problem the following **activities** need to take place:

Outputs

When the activities are completed/underway, they will produce following **evidence** of service delivery:

Outcome

We expect that if completed/underway, these activi- ties will lead to following **change in the short term**:

Impact

We expect that if fully completed, these activities will lead to following **change in the long term**:

What will you measure?		How will you measure it?		What will you do with the data?
